

# DARK SHARK CHALLENGE

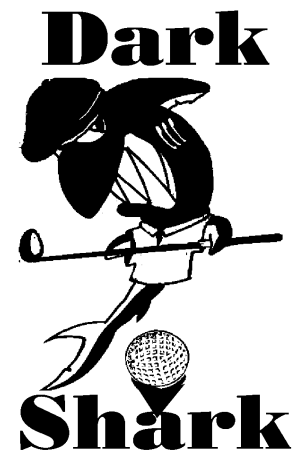

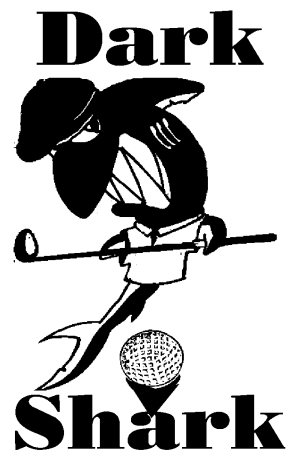

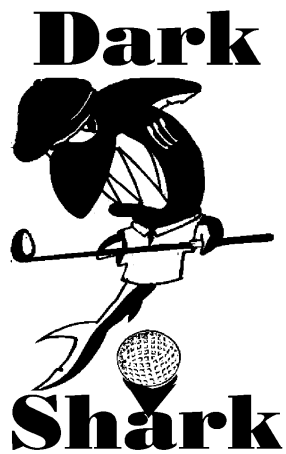

- The Dark Shark Challenge is a team event with 6 players forming a team.
- It is open to men and ladies, members and visitors.
- The event is played over 9 holes per week for an 8-week period.
- It will be scored using the stableford system.
- Players with GA handicaps will start on the whole number of that handicap. Non handicap players will be given an initial handicap at the discretion of the pro shop.
- Players handicaps will alter each week with 18 points representing a par round. Any round of more than 18 points will lose the equivalent number of shots off their handicap as they had points over 18 (a player off a 23 handicap who has 22 points will play off 19 in their next round). Players will receive a stroke back on their handicap if they have 18 points or less and will receive two strokes back on their handicap if they have 10 points or less.
- The weekly team score is made up of the best three scores of the team each week and a bonus point for every team member that plays.

- Example: Team Name    The Legends

		Handicap	Score
Player 1	Tiger Woods	12	17
Player 2	Jack Nicklaus	14	<b>22</b>
Player 3	Greg Norman	8	16
Player 4	Arnold Palmer	26	13
Player 5	Gary Player	21	<b>18</b>
Player 6	Karrie Webb	11	<b>20</b>

Team score is **22+20+18= 60** plus **6** bonus points total for the week **66**

- The team with the most points over the 8 week period will be the winner.
- Prizes will be allocated each week to the best individual scores.
- A \$60 team registration fee is due before the start of the first round and will be used for trophies at the conclusion of the event.
- Members competition fee is \$10 per round (includes a \$2 drink voucher)  
Visitors competition fee is \$15 per round (includes a \$2 drink voucher)
- Presentation night will be held in conjunction with Dark Shark Friday on Friday 30<sup>th</sup> April. All teams will be invited to attend.
